Door Hanger with hang flap closed

Hanger with flap open to lock onto door handle

The slot is cut so the door hanger can be pushed over the door knob and the flap holds it in place by forcing the hanger down. Then falls back in place like a Flyer when removed from door.

Try our new holeless hanger, with a slit that slides over handles rather than a hole. This allows you to print the entire hanger, without having to work around a hole.

## Standard Coat Checks

*Standard Coat checks come on a 67# White stock with consecutive numbers in each set of 1,000. Random shelf stock numbering. They have a generic layout so they're great for customers who can't wait or don't need custom tickets.*
